

2020 台灣肩肘關節醫學會年會

Date : 2020.09.05 (Saturday)

Location : Chang Gung Memorial Hospital Linkou Branch
(Rehabilitation Building 1F)
林口長庚醫院 復健大樓一樓 第一會議廳

Organizer: Taiwan Shoulder and Elbow Society

Co-organizer : Department of Orthopaedic Surgery Division of Sports Medicine
Chang Gung Memorial Hospital Linkou Branch

	貴賓致詞	
08:20 – 08:30	貴賓致詞 詹益聖部長 林口長庚紀念醫院骨科部	
	Opening Remarks 徐郭堯理事長	
Session I: Shoulder instability		
Moderator: 陳超平 · 盧永昌		Speaker
08:30-08:36	How do I manage 1 st time dislocation for professional/semi-professional players? Any differences if it happens during the season or in the off-season ? Does sports type affect your decision making?	李坤燦
08:36-08:42	What to do with failed Bankart repair? Revision with Bankart again? Any additional procedure arthroscopically?	蔣恩榮
08:42-08:46	Bankart repair in overhead throwers, focusing on the differences between pitchers and position players or other overhead players (volleyball players). Do we do Latarjet procedure in baseball players? Any differences? How to treat SLAP tear associated with anterior instability?	周伯禧
08:46-08:52	Latarjet procedure in Taiwan. Is the graft size in the oriental population big enough for Latarjet procedure? How do you fix the graft?	洪生財
08:52-08:58	Complications of Latarjet procedure and how to avoid it.	蘇維仁
08:58-09:04	Dynamic anterior stabilization (DAS).	邱致皓
09:04-09:10	Anterior instability vs. MDI with unilateral instability	潘如瑜
09:10-09:30	Panel Discussion	
09:30-09:50	<i>Coffee Break</i>	
Session II: Rotator cuff		
Moderator: 陳昭宇 · 蘇維仁		Speaker
09:50-09:56	How do you manage poor quality tendon and bone? Any special suture configuration?	曾渥然

09:56-10:02	The relationship of greater tuberosity shape and supraspinatus/infraspinatus fatty infiltration. How do you prepare your footprint?	蘇維仁
10:02-10:08	How do you determine the footprint of subscapularis? When do you fix the subscapularis?	郭亮增
10:08-10:14	What is the role of supraspinatus after subscapularis is repaired in a massive irreparable rotator cuff tear? Do we need to fix it all?	馬筱笠
10:14-10:20	Massive cuff tear with or without BPI. LD transfer + hemiarthroplasty / reverse TSA? What do we do before and after reverse TSA is available in Taiwan?	顏政佑
10:20-10:26	Superior capsule reconstruction with IT band. Tips and tricks.	陳昭宇
10:26-10:32	Superior capsule reconstruction with allograft (Tips and tricks) vs. autologous IT band. Does thickness really matter?	陳曄錚
10:32-10:38	Unusual shoulder lesion in professional baseball players	吳冠廷
10:38-10:50	Panel Discussion	
10:50-11:20	<i>Coffee Break</i>	
Session III: Shoulder arthroplasty		
Moderator: 徐郭堯 · 馬筱笠		Speaker
11:20-11:26	The indication of reverse TSR 2020.	盧永昌
11:26-11:32	Plate vs. reverse TSR for proximal humerus fractures in elderly patients. The decision-making process.	周應照
11:32-11:38	Tips and tricks in failed plating conversion to reverse TSR in proximal humerus fractures.	張宗訓
11:38-11:44	Hemishoulder arthroplasty vs. reverse TSR in proximal humerus fractures.	洪立維
11:44-11:50	Neglected chronic anterior/posterior dislocation of humerus, open reduction or convert to reverse TSR directly?	林冠宇
11:50-11:56	Deficit deltoid in reverse TSR, is it still indicated? At what extent of Deltoid injury?	邱致皓
11:56-12:10	Panel Discussion	
12:10-13:30	台灣肩肘關節醫學會理監事會 <i>Group photos and Lunch</i>	

Session IV: 肘關節內側副韌帶受傷與手術 (Tommy John Surgery) 座談

Moderator: 周文毅

醫師：周文毅 (高雄長庚醫院) ，周伯僖 (高雄醫學大學) ，涂麗雯 (超越復健診所)

投手：郭泓志

教練：鄭錡鴻 (中信兄弟)

球評：曾文誠，劉志昇

媒體：徐裴翊 (Vamos)

Youtuber：台南 Josh

運動訓練：廖仁豪 (速沛運動科技)

防護員：陳毅桓 (長庚運動醫學照護)

13:30-14:30	事發當時 (受傷時發生了什麼事？選手/教練心裡怎麼想？)
14:30-14:50	<i>Coffee Break</i>
14:50-15:50	損害控管 (受傷後怎麼辦？就醫情形，醫療服務，手術/非手術治療選擇)
15:50-16:10	<i>Coffee Break</i>
16:10-17:10	最後一次手術 (術後如何訓練？如何避免再次發生？運動訓練與防護員的角色)
17:10-17:30	現場提問
17:30	Closing Remarks 徐郭堯理事長
