

## Wu, Chih-Hsing, MD.

(Also named as Paulo Wu)

Associate Professor,

Obesity, Osteoporosis and Body Composition  
Research Center

Department of Family Medicine, College of  
Medicine, National Cheng Kung University

138 Sheng Li Road,

Tainan, 70428, Taiwan

Phone: +886-6-2353535, ext 5210

Fax: +886-6-2754243, +886-6-2353766

E-mail: [paulo@mail.ncku.edu.tw](mailto:paulo@mail.ncku.edu.tw)

---

### Academic Training

M.D.                      China Medical College, Tai-Chung, Taiwan    (1982-1989)

### Academic Course

**2019 - Present**        Director, Department of Family Medicine, National Cheng Kung University Hospital, College of Medicine, National Cheng Kung University, Taiwan.

**2002 - Present**        Associate Professor, National Cheng Kung University, Medical Center, Taiwan.

**2005 - 2006**            Visiting Scholar and Research Fellow, Obesity Research Center, Body Composition Unit, St Luke's Roosevelt Hospital Center, Columbia University, New York, USA

**2000 - 2000**            Clinical researchers, 2<sup>nd</sup> Department of Internal Medicine, National Kyoto University Graduate Medical School, Japan.

**1997 - 2002**            Clinical Teacher, National Cheng Kung University Medical Center, Taiwan.

**1996 - 2002**            Lecturer, Department of Family Medicine, National Cheng Kung University, Medical Center, Taiwan.

**1993 - Present**        Visiting Staff, Department of Family Medicine, National Cheng Kung University Hospital, Taiwan.

**1992 - 1993**            Chief Resident, Department of Family Medicine, National Cheng Kung University Hospital, Taiwan.

**1989 - 1992**            Resident, Department of Family Medicine, National Cheng Kung University Hospital, Taiwan.

### Professional Organizations, Societies and Board Certification

Start Year	Society	Present Status
1990	Taiwan Association of Family Medicine	Specialist board
1992	Taiwan Association for Sexuality Education	Active Member
1996	Taiwan Association of Gerontology and Geriatrics	Specialist board
1997	Taiwanese Osteoporosis Association	Council member (05~) President ( 15~17)

1999	Taiwan Diabetes Association	Active member-
1999	North American Association for the Study of Obesity	Active member
2000	Taiwan Medical Association for the Study of Obesity	Specialist board General Secretary (03-05) Council member (00~11)
2001	Taiwan College of Family Physicians	Specialist board Council member(12~18)
2002	Taiwan Association of Diabetes Educators	Specialist board
2003	International Society of the Clinical Densitometry	CCD, CDT, Chair of Asia-Pacific Panel(11~) Faculty Committee(11~) Board member(12~15)
2004	Taiwan Society for Adolescent Medicine and Health	Council member(06~11)
2008	Taiwan Medical Association of Human Nutrition	Active member
2019	Taiwan Academy of Hospice Palliative Medicine	Specialist board(19~)

### Recent Positions:

1. Director, Department of Family Medicine, National Cheng Kung University Hospital, College of Medicine, National Cheng Kung University, Taiwan. ( 2019~)
2. Associate Professor, Obesity, Osteoporosis and Body Composition Research Center, College of Medicine, National Cheng Kung University, Tainan, Taiwan (2002~)
3. Associate Professor, Department of Family Medicine, National Cheng Kung University Medical Center, Tainan, Taiwan (2002~)
4. Consultant of Advisor Board of Postgraduate Year One (PGY1) of Medical Education Task Force, Taiwan Joint Commission for the Hospital Accreditation (TJCHA), Executive Yuan, Taiwan (2003~2005) (2018~)
5. Director, community training program of PGY1, National Cheng Kung University Medical Center, Tainan, Taiwan (2003~)
6. Co-Chair, Tainan Osteoporosis Prevention, Treatment and Evaluation Associated Membership (TOPTEAM) (2003~)
7. President (2015~2017) and Council member (2003~), Taiwanese Osteoporosis Association (TOA)
8. Director, ISCD committee of TOA(2006~).
9. Faculty of Asia-Pacific Panel and Foreigner Teacher in Asia, the International Society for Clinical Densitometry (ISCD)(2004~)
10. Panel Member of committee (Communications, Marketing, and PR, International Relations, Membership and Faculty Committee) of ISCD (2008~).
11. Editorial Board of Journal named as Recent Patents on Endocrine, Metabolic & Immune Drug Discovery (2008~) ;Journal of Taiwan Association of Gerontology and Geriatrics (2009~); ISRN Obesity (2012~); Journal of Bone Metabolism ( official journal of KSBMR)(2014~); Osteoporosis and Sarcopenia( 2016~)
12. Director, Adult Health Examination Task Force, Health Preventive Medicine Affair of Taiwan Association of Family Medicine (2009~)
13. Chair of Asia-Pacific Panel, the International Society for Clinical Densitometry (ISCD)(2011~2015)
14. Board Member, the International Society for Clinical Densitometry (ISCD)(2012~2015)
15. Council member, Taiwan Family Medicine Research (2012~)
16. Panel, Position Development Conference for Body Composition Analysis, ISCD(2012~2013).
17. Scientific Committee, IOF Regionals 5th Asia-Pacific Osteoporosis Meeting, Taipei, Taiwan, Nov 14-16, 2014.(2014)
18. Scientific Committee, IOF Regionals 6th Asia-Pacific Osteoporosis Meeting, Singapore, Nov 03-06, 2016.(2016)
19. Scientific Committee, AFOS Asia-Pacific Osteoporosis Meeting, Kuala Lumpur, Malaysia, Oct 06-08, 2017.(2017)
20. Chair, Prevention, Health Promotion and Chronic Disease Management Committee, Taiwan Association of Family Medicine (TAFM) (2017~)
21. Scientific Committee, ISCD ANNUAL MEETING, Kuala Lumpur, Malaysia, MAR 20-23, 2019.(2017)

## Grant Support – Academia (active and past)

	Project Title	Position	Duration	Grant Institute	Grant/IRB number
1.	Establish Taiwan Osteoporosis Prediction and Fracture Assessment Calculation Tool (TOPFACT): An Evidence-based Medicine Model Through Mega Data and Cohort Study Validation	Principle Investigator	2019.08-2021.07	MOST	MOST 108-2314-B-006-043-MY2 / B-ER-108-148
2.	<b>Comparison of efficacy and safety of osteoporosis medications in primary prevention of fractures, quality of life assessment and multi-criteria decision analysis</b>	Principle Investigator	2019.06-2020.05	NCKUSCMH	NCKUSCMH10817
3.	<b>Cost-effectiveness analysis, budget impact analysis and evidence-based multi-criteria decision analysis toward osteoporosis medications for primary prevention of fracture</b>	Principle Investigator	2018.06-2019.05	NCKUSCMH	NCKUSCMH10710 IRB:B-EX-106-044
4.	Fracture liaison services and outcomes of osteoporosis-related fractures: a systematic literature review	Co-Investigator	2018.01-2018.12	NCKUH	NCKUH1070602 3/ B-EX-106-046
5.	Validation of the Fracture Risk Assessment tool (FRAX) Calculator in Taiwan-Two Cohorts Study	Principle Investigator	2017.08-2019.07	MOST	MOST106-2314-B-006-064-MY2/A-ER-106-103
6.	Analysis estrogenized protein adducts in serum by mass spectrometry method among abnormal weight or glucose metabolism, breast cancer and healthy subjects	Principle Investigator	2017.01-2017.12	NCKUH	NCKUH-10605021/B-ER-105-342
7.	Fragility Fracture Liaison Service Project	Co-Investigator	2017.01-2018.12	NCKUH	NCKUH-10609007 NCKUH-10709012 /A-ER-106-115
8.	Association between hepatitis B or hepatitis C viral infection and the incidence of hip fracture: Cohort Analysis of National Health Insurance Data	Co-Investigator	2017.01-2017.12	NCKUH	NCKUH-10603042
9.	Associated Risk Factors and Effect of Nutritional Intervention for Sarcopenia and Constipation in Middle-Aged and Old People	Principle Investigator	2016.01-2016.12	WJY/TOA	/ Chi-Mei-10504-J01
10.	Interrelationships between Changes of Brown Adipose Tissue and Metabolism and Body Composition after Different Type of Bariatric Surgery	Principle Investigator	2015.08-2016.07	MOST	MOST 104-2314-B-006-058-/ B-BR-104-035
11.	Adult preventive health exam Training program and introduction of evidence- based medicine	Co-Investigator	2015.04-2016.12	BHP	BHP-D1031222
12.	Analysis processing and application research of the clinical medical image-II	Principle Investigator	2015.01-2015.12	MIRDC	NA
13.	Relationship among sarcopenia, adipokines and Vitamin D for the elderly dwelling in a rural community in southern Taiwan	Co-investigator	2015.01-2015.12	NCKUH	NCKUH-10406015

	Project Title	Position	Duration	Grant Institute	Grant/IRB number
14.	Epidemiological survey of chronic kidney disease and its association with Falls in Tianliao old people study	Instructor	2014.07-2015.02	MOST	NSC 103-2815-C-006-107-B
15.	Analysis processing and application research of the clinical medical image-I	Principle Investigator	2014.01-2014.12	MIRDC	NA
16.	Innovative Comparative the Global Characterization of Glycosylated Hemoglobin in Non-Diabetic and Diabetic Patients Using Top-Down and Bottom-Up Approach of Proteomic Analysis	Principle Investigator	2014.01-2014.12	NCKUH	NCKUH-10306019 (B-ER-102-313)
17.	Pleiotrophic Mechanism of Metabolic Remission in Different Bariatric Surgery: From Gut Hormone and Adipokines to Proteomics Methodology	Principle Investigator	2013.08-2014.07	NSC	NSC 102-2314-B-006 -078 -
18.	Adult preventive health exam Training program and introduction of evidence- based medicine	Co-Investigator	2012.04-2012.12	BHP	BHP-1010301A
19.	The incidence, prevalence and risk factors of fall in middle-aged and elder residents in community	Co-Investigator And Advisor	2012.01-2012.12	NCKUH	NCKUH-10102043(ER-100-347)
20.	Pleiotropic Effects of Different Bariatric Surgeries in Morbid Obese: From Pathophysiological Mechanism to Clinical Implications-2 <sup>nd</sup> year	Principle Investigator	2012.01-2012.12	NCKUH	NCKUH-10106001 (BR-99-112)
21.	Pathophysiological Comparison of Body Composition and Metabolic Changes in Surgical and Non-Surgical Intervention in Obese Adults	Principle Investigator	2011.08-2012.07	NSC	NSC 100-2314-B-006 -062 (ER-100-419)
22.	Screening at Home and Point of Care for Diabetes Mellitus- Development of biodegradable chip for the detection of glycosylated hemoglobin (HbA1c)	Principle Investigator of substudy	2011.03-2012.02	NSC	NSC 100-2321-B-006 -008 (ER-100-033)
23.	Pleiotropic Effects of Different Bariatric Surgeries in Morbid Obese: From Pathophysiological Mechanism to Clinical Implications	Principle Investigator	2011.01-2011.12	NCKUH	NCKUH-10006004 (BR-99-112)
24.	Prevalence of osteoporosis and associated risk factors in old male lived in rural community: the Tianliao Township survey	Co-Investigator And Advisor	2010.07-2010.12	NO	ER-99-111
25.	Prediction of successful weight and waist reduction by sibutramine therapy through genotyping of the GNB3 C825T, $\alpha$ 2A C1291G and 5-HTTLPR polymorphism in a body weight control clinic	Co-Investigator And Advisor	2010.08-2011.07	NSC	NSC 99-2314-B-006 -051 (BR-99-056)
26.	Adult preventive health exam and oral screening: Quality Control Project	Co-Investigator	2010.01-2011.12	BHP	BHP-9907001A (
27.	From Body Composition and Glucose-Adipocytokine Axis to disclose the possible mechanism of metabolic differences and its therapeutic response in different weight and metabolic abnormalities subjects	Principle Investigator	2009.08-2011.07	NSC	NSC 98-2314-B-006 -029 -MY2
28.	The influence of professional training and development system on the marriage and reproductive planning: experiences of female physicians at a medical center in southern Taiwan	Co-Investigator	2009.07-2010.06	Health Science Foundation	ER-98-117
29.	Prevalence of senile osteoporosis and associated risk factors in rural community: the Tianliao Township survey	Co-Investigator	2009.07-2009.12	NCKUH	ER-98-125
30.	Community survey of the accuracy of osteoporotic screening and the attendee's osteoporotic knowledge, attitude and behavior	Co-Investigator	2009.03-2010.03	BHP	BHP-A9802-6
31.	Phenomic and genetic analyses of metabolic	Principle	2009.01-	NCKUH	NCKUH-9801002

	Project Title	Position	Duration	Grant Institute	Grant/IRB number
	profiles and therapeutic response between metabolic normal (MNO) and abnormal obese (MAO) subjects	Investigator	2010.12		
32.	Oral Fluid (Saliva) Based Molecular Diagnostics for central obesity and cardiovascular risk factors	Co-Investigator	2008.01-2008.12	NCKUH	ER-96-46
33.	Cohort study of the dose-response effect of betel-quid chewing on four-compartmental model of body composition-the impact on metabolic syndrome and bone mineral density	Principle Investigator	2007.08-2009.07	NSC	NSC 96-2314-B-006-071-MY2
34.	Using Body Composition Model to Validate the Percent Body Fat of Bioelectrical Impedance Analysis in Taiwanese	Principle Investigator	2006.08-2007.07	NSC	NSC 95-2314-B-006-047
35.	Effect of Different Weight Reduction Intervention and Level on the Changes of Obesity-Related Cytokins and Metabolic Syndrome in Morbid Obesity	Principle Investigator	2005.08-2006.07	NSC	NSC 94-2314-B-006-019
36.	Assessment of Effect of Raloxifene on bone quality by Quantitative Ultrasound in Postmenopausal Women with osteoporosis	Co-Investigator And Advisor	2005.01-2005.12	NCKUH (National Cheng Kung University Hospital)	NCKUH 94-033
37.	Questionnaire survey of the prevalence and associated factors of overactive bladder	Co-Investigator	2005.01-2005.12	NCKUH	NCKUH 94-088
38.	Serotonin Transporter Binding in Obesity Before and After Successful Body Weight Reduction-Obese vs Non-Obese Comparison study	Co-Investigator	2004.01-2005.08	National Science Council (NSC)	NSC 93-NU-7-006 -003
39.	Effect of Different Weight Control Intervention on the Changes of Body Composition and Basal Metabolic Rate in Dieting Obese Outpatient.	Principle Investigator	2004.08-2005.07	NSC	NSC 93-2314-B-006-110
40.	A Taiwan Isoflavone Multicenter Study (TIMS)--The Effect of Isoflavone on Bone Mineral Density (BMD) in Taiwanese Women with Postmenopausal Osteopenia.	Co-Investigator, Regional Director	2004.07-2007.12	National Health Research Institute (NHRI)	NHRI-GE-093-PP-02 (TIMS study)
41.	Obesity and Brain Dopamine	Co-Investigator	2002.08-2005.07	NSC	NSC 91-2314-B006-153
42.	Socioeconomic assessment of obesity and dieting behavior -from the viewpoint of health fabrication product	Researcher	2004.08-2005.07	NSC	NSC 93-2412-H-006-002
43.	Effect of Physical Fitness Intervention on the Changes of Body Composition and Basal Metabolic Rate in Dieting Obese Outpatient.	Co-Investigator	2004.01-2004.12	NCKUH	NCKUH 93-035
44.	Prevalence of Obesity, Associated Risk Factors and Weight Reduction Behaviors in Taiwan	Principle Investigator	2003.08-2004.07	NSC	Failed
45.	Effect of Habitual Tea Drinking on Bone Mineral Density: A Longitudinal Follow-up Study.	Principle Investigator	2003.08-2004.07	NSC	NSC 92-2314-B-006-113
46.	Differences of percent body fat and fat distribution measured by dual-energy X-ray absorptiometry between habitual and non-habitual tea drinkers	Principle Investigator	2002.08-2003.07	NSC	NSC 91-2314-B-006-077
47.	Differences of percent body fat and fat distribution measured by dual-energy X-ray absorptiometry between habitual and non-habitual tea drinkers (Co-study)	Principle Investigator	2002.08-2003.07	NCKUH	NCKUH 92-049
48.	The role of gait, physical activity and muscle strength in the development of osteoporosis	Co-Investigator	2001.08-2002.07	NSC	NSC 90-2314-B006-115
49.	Epidemiological survey of the relationship between habitual tea consumption and bone mineral density in Chinese adult women	Principle Investigator	2001.08-2002.07	NSC	NSC 90-2314-B006-104

	Project Title	Position	Duration	Grant Institute	Grant/IRB number
50.	Epidemiological survey of the relationship between habitual tea consumption and bone mineral density in Chinese adult women (Co-study)	Principle Investigator	2001.08-2002.07	NCKUH	NCKUH 91-039
51.	Comparison of Effectiveness of Three Different Waist Circumferences and Waist-to-Hip Ratios by Dual Energy X-ray Absorptiometry in Evaluating Body Fat Distribution and its Relationship to Cardiovascular Dysmetabolic Syndrome in Women.	Principle Investigator	1999.07-2000.12	NCKUH	NCKUH 89-071
52.	Comparison of Effectiveness of Three Different Waist Circumferences and Waist-to-Hip Ratios by Dual Energy X-ray Absorptiometry in Evaluating Body Fat Distribution and its Relationship to Cardiovascular Dysmetabolic Syndrome in Men.	Principle Investigator	1999.08-2000.07	NSC	NSC 89-2314-B006-044
53.	Comparison of Sex- and Menopause- Associated Changes in Body Fat Distribution Measured by Dual Energy X-ray Absorptiometry and the Impact on Insulin, Blood Pressure and Lipid Profiles.	Principle Investigator	1998.07-1999.06	NCKUH	NCKUH 88-051
54.	Epidemiological survey of the prevalence and cardiovascular risk factors of NIDDM	Researchers	1995.07-1998.06	DOH (Department of Health)	(DOH85-TD-043)
55.	Epidemiological study of the diabetes in the elderly in Tainan	Researcher	1999.08-2000.07	NSC	(NSC 89-2314-B-006-042)
56.	Effects of Non-steroidal Anti-Inflammatory Drugs on Thyroid Function Tests	Principle Investigator	1995.08-1996.07	NCKUH	NCKUH-85-51
57.	Relationship between body fat distribution and glucose tolerance, blood pressure, lipid and lipoprotein profiles	Principle Investigator	1993.07-1994.06	NCKUH	NCKUH-83-38
58.	Referral and consultation of first-visit patient in the Out-Patient Clinic of Family Medicine of a Medical Center	Principle Investigator	1994.07-1995.06	NCKUH	NCKUH-84-47
59.	Naltrexone and psychotherapy treatment model in alcoholism	Co-investigator		DOH	DOH 86-
60.	Effect of Parity on Glucose tolerance test in female adult	Co-investigator	1996.07-1997.06	NCKUH	NCKUH-86-043

## Clinical trials

	Project Title	Position	Duration	Grant Institute
1	Agreement Study of Hand Bioimpedance analysis (AVITA) and dual energy X-ray absorptiometry	Co-Investigator	2002.01-2002.12	Ho-Jang International Limited Company
2	A Multi-center Orlistat Post-Marketing Surveillance Study	Investigator	1999.07-2001.12	Roche
3	A Multi-Center Randomized Trial to Test the Efficacy and Safety of Two Different Very-Low-Calorie-Diet (800Kcal/day and 450Kcal/day) In Taiwan Obese Patients	Co-Investigator	2004.01-2004.12	Novartis
4	A multicentric, double-blind, randomized, placebo-controlled study to assess the efficacy and safety of one year administration of 2g per	Co-Investigator	2004.04-2005.10	Servier

	Project Title	Position	Duration	Grant Institute
	day of Strontium Ranelate (S12911) versus placebo in Taiwanese women with postmenopausal osteoporosis			
5	A Multi-Center Randomized Trial to Test the Efficacy and Safety of Two Different Very-Low-Calorie-Diet (800Kcal/day and 450Kcal/day) In Taiwan Obese Patients-REFEEDING SUBSTUDY-	Principle Investigator	2005.01-2005.12	Novartis
6	A phase IIb/III randomized, placebo-controlled clinical trial to study the safety and efficacy of MK-0364 in overweight and obese patients with type 2 diabetes mellitus (T2DM)	Co-Investigator	2006.11-2009.07	MSD
7	A Multicenter, International, Randomized, Double-blind, Alendronate-controlled Study to Determine the Efficacy and Safety of Romosozumab in the Treatment of Postmenopausal Women With Osteoporosis (ARCH)	Principle Investigator (Taiwan)	2014.04-2018.06	Amgen

## Award

1. 1999: Best Paper of Year : The Gerontological Society of Taiwan
2. 2000: Best Paper of Year : Taiwan Association of Family Medicine (corresponding author)
3. 2000: Scholarship Grant : Fujisawa Company ( to Kyoto University)
4. 2001: Best Paper of Year : The Gerontological Society of Taiwan
5. 2002: Best Paper of Year : Taiwan Association of Family Medicine
6. 2003: Best Paper of Year : Taiwan Association of Family Medicine (corresponding author)
7. 2004: Best Paper of Year : Taiwan Diabetes Association
8. 2005: Scholarship Grant : Ministry of Education ( Columbia University, NY)
9. 2006: Best Paper of Year : Taiwan Association of Family Medicine (corresponding author)
10. 2007: Best Paper of Year : Taiwan Association of Family Medicine (oral presentation)
11. 2009: Poster Award: International Conference on Geriatric Syndrome Studies (Study director)
12. 2010: Clinician of the Year: the International Society for Clinical Densitometry (ISCD)
13. 2010: 2<sup>nd</sup> Award of Chart Writing Contest, Internist : National Cheng Kung University Hospital (Instructor)
14. 2010: Top One of Summer Student Research Project: National Cheng Kung University, College of Medicine (Instructor)
15. 2010: 3<sup>rd</sup> Award of Poster: The Gerontological Society of Taiwan (Instructor)
16. 2010: Best Oral Presentation- The Taiwanese Osteoporosis Association (Instructor)
17. 2010: Supreme Article of Student Clinical Study: The Foundation of Taiwan Medical Development Awards for Outstanding Writings (Instructor)
18. 2010: 2<sup>nd</sup> Best Article of Student Clinical Study: The Foundation of Taiwan Medical Development Awards for Outstanding Writings (Instructor)
19. 2011: Best Clinical Teacher, National Cheng Kung University Hospital.
20. 2011: Award of Student Mentor, College of Medicine, National Cheng Kung University.
21. 2011: 3<sup>rd</sup> Best Paper of Year : The Gerontological Society of Taiwan. (Instructor)
22. 2011: Best Oral Presentation- The Taiwanese Osteoporosis Association (Instructor)

23. 2011:3rd Best Article of Student Clinical Study: The Foundation of Taiwan Medical Development Awards for Outstanding Writings (Instructor)
24. 2011: Top One of Summer Student Research Project: National Cheng Kung University, College of Medicine (Instructor)
25. 2011: Best Poster: The Taiwan Medical Association for the Study of Obesity(TMASO) (Instructor)
26. 2011: 3<sup>rd</sup> Best Oral Presentation: The Taiwan Medical Association for the Study of Obesity(TMASO)(Instructor)
27. 2012: Best Oral Presentation: Taiwan Association of Family Medicine (Instructor)
28. 2013: 2<sup>nd</sup> Best Poster Presentation: The Taiwanese Osteoporosis Association (Instructor)
29. 2013: Best Poster Presentation: The Taiwan Medical Association for the Study of Obesity(TMASO) (Instructor)
30. 2014:Best Clinical Teacher, National Cheng Kung University Hospital.
31. 2015:3rd Young Investigator Award, WONCA, AP Regional Meeting, Taiwan Association of Family Medicine (Instructor).
32. 2015: Best Poster: The Taiwan Medical Association for the Study of Obesity(TMASO) (Instructor)
33. 2015:Top Third of Summer Student Research Project: National Cheng Kung University, College of Medicine (Instructor)
34. 2016: Top One of Summer Student Research Project: National Cheng Kung University, College of Medicine (Instructor)
35. 2017: 2nd Best Paper of Year : Taiwan Association of Family Medicine (corresponding author)
36. 2017: 3<sup>rd</sup> Award of Oral Presentation: The Gerontological Society of Taiwan (Instructor)
37. 2018: 3rd Best Paper of Year : Taiwan Association of Family Medicine (corresponding author)
38. 2018: 4th Best Paper of Year : The Gerontological Society of Taiwan (corresponding author)
39. 2019: Best Paper of Year : Taiwan Association of Family Medicine (corresponding author)

### Thesis Advisement

1. **Hei-Ching Kuo:** Emotion and health-related quality of life alter as the obese subjects fed with very low calorie diets. Master in Behavior Medicine, NCKU (2003-2006)
2. **Chin-Sung Chang :** Role of Adiponectin Gene Variants, Adipokines and Hydrometry-based Percent Body Fat in Metabolically Healthy and Abnormal Obese Phenotypes. Ph D in Clinical Medicine, NCKU (2005-2015).
3. **Se-Shin Wang :** Aesthetic, Health, and Body Experience : A Comparative Study of Weight Control Patients in Medical and Non-medical settings. Master in Behavior Medicine, NCKU (2004-2006).
4. **Cheng-Yi Chen:** Osteoporosis in institutionalized elderly: a non-pharmacological intervention. Master in Institute of Gerontology, NCKU (2007-2009).
5. **Peiyung Wu:** The frailty problem in the old male in rural community. Master in Institute of Gerontology, NCKU (2009-2011).
6. **Meng-Tzu Hou:**Relationship between physical function and laboratory findings in old male in rural community Master in Institute of Gerontology, NCKU (2009-2011).
7. **Pu-Shen Kuo:**Prevalence and management status of diabetes mellitus in old male lived in rural community. Master in Institute of Gerontology, NCKU (2010-2012).

8. **Shao-Yin Wu:** Disordered eating behavior in obese adult and the interventional effect of programmed weight control. Master in Behavior Medicine, NCKU (2011-2013)
9. **Pei-Chia Huang:** Evaluation of eating disorder by SCOFF during first visit in obese clinic. Master in Behavior Medicine, NCKU (2011-2014)
10. **Angelica Te-Hui Hao:** The effectiveness of health belief and bone turnover makers intervened by exercise with multimedia education in a high risk group of osteoporosis. KMU School of Nursing, PhD degree(2010~)
11. **Chien-Hui Pai:** Prevalence and associated risk factors of obesity defined by different indicators and cutoffs in old people living in rural community. Master in Institute of Gerontology, NCKU (2014-2016).
12. **Jo-Chi Chung:** The effect of integrated exercise on pain, functional performance and quality of life in middle aged and older patient with knee osteoarthritis. Master in Institute of Gerontology, NCKU (2014-2017).
13. **Chun-Hung Ko:** Associated Risk Factors and Effect of Nutritional Intervention for Sarcopenia and Constipation in Middle-Aged and Old People. Master in Institute of Gerontology, NCKU (2016-2018).
