

2022 中華民國關節鏡及膝關節醫學會暨台灣肩肘關節醫學會 聯合冬季研討會

時間：111年12月17日（星期六）

地點：臺北榮民總醫院致德樓一樓 第一會議室

主辦單位：中華民國關節鏡及膝關節醫學會、台灣肩肘關節醫學會

合辦單位：臺北榮民總醫院

08:30 - 08:45	報到		
08:45 - 09:00	嘉賓致詞	骨科醫學會理事長 關節鏡及膝關節醫學會理事長 肩肘關節醫學會理事長	
Time	Topic	Speaker	Moderator
Mini-battle in shoulder instability			
Battle 1: When you are not confident with Bankart repair alone			
09:00 - 09:08	I do Remplissage procedure	鄧修國	盧永昌
09:10 - 09:18	I do other augmentation	曾渥然	
09:18 - 09:30	Discussion		
Battle 2: 65 y/o, recurrent shoulder dislocation with cuff tear and Bankart lesion, no bone loss			
09:30 - 09:38	Cuff repair is enough	江振豪	蘇維仁
09:40 - 09:48	In addition to cuff repair, Bankart repair is necessary	林坤輝	
09:50 - 09:58	RTSA is the only option	張宗訓	
09:58 - 10:10	Discussion		
Mini-battle in Rotator cuff tear			
Battle 1: Routine acromioplasty in cuff repair?			
10:10 - 10:18	I say YES	陳威仁	陳超平
10:20 - 10:28	I say NO	沈培弘	
10:28 - 10:40	Discussion		
10:40 - 11:10	Coffee break		

Battle 2 : Partial tear with stiffness			
11:10 - 11:18	One-stage surgery to treat both tear and stiffness	侯威仰	周伯禧
11:20 - 11:28	I will do two-stage surgery	吳冠廷	
11:28 - 11:40	Discussion		
Battle 3: 55 y/o, massive posterolateral irreparable tear with painful weakness, no pseudoparalysis.			
11:40 - 11:48	SCR	林冠宇	徐郭堯
11:50 - 11:58	Tendon transfer	李坤燦	
12:00 - 12:08	Balloon	廖唯任	
12:10 - 12:18	Partial repair	陳昆暉	
12:18 - 12:30	Discussion		
12:30 - 13:30	Lunch		
Rotator cuff arthropathy			
Battle: 70 years old, rotator cuff arthropathy with ER lag			
13:30 - 13:38	RTSA alone is enough	許晉榮	張宗訓
13:40 - 13:48	In addition to RTSA, tendon transfer is necessary	邱致皓	
13:48 - 14:00	Discussion		
Mini-battle in ACL reconstruction			
Battle 1: Remnant preservation in ACL reconstruction			
14:00 - 14:08	It's good. When and how to do it	陳威仁	李宏滿
14:10 - 14:18	I don't think it's necessary	官法全	
14:18 - 14:30	Discussion		
Battle 2: Revision for failed double bundle ACL reconstruction			
14:30 - 14:38	I can do it in one-stage	林育全	羅健生
14:40 - 14:48	Two-stage surgery is safer	張世昇	
14:48 - 15:00	Discussion		
Battle 3: Graft selection in revision ACLR			
15:00 - 15:08	Autograft is better	詹舜文	周文毅
15:10 - 15:18	Allograft is enough	陳暉錚	
15:18 - 15:30	Discussion		
15:30 - 16:00	Coffee break		

Current strategy for cartilage repair

25 years old male, 3 cm² full thickness chondral defect at femoral trochlea. My preference.

16:00 - 16:08	Bioadhesive hydrogel implant (JointRep)	李建和	李建和
16:10 - 16:18	Tissue Engineering Using BMMS for Cartilage Defect Treatment	張至宏	
16:20 - 16:28	Biphasic Cartilage Repair Implant (BiCRI) (Revocart)	陳超平	
16:30 - 16:38	Autologous chondrocyte cell sheet for cartilage reconstruction	薛宇桓	
16:38 - 16:50	Discussion		

Hip

A 25 y/o female with hip labral tear, lateral center edge angle: 21 degrees

16:50 - 16:55	Arthroscopic management is enough!	唐浩哲	潘如瑜
16:57 - 17:02	Bony procedure is needed !	鄭國中	
17:02 - 17:05	Discussion		

Elbow

Distal biceps repair

17:05 - 17:10	I will do one-incision repair	葉炳君	陳昭宇
17:12 - 17:17	I will do two-incision repair	葉詩翰	
17:17 - 17:20	Discussion		
17:30	Closing remark
